

Project Designer

VIA design architects is an award-winning architectural, planning, and urban redevelopment firm located in the heart of Downtown Norfolk, Virginia. We are known for the prominence, scale, and appropriateness our projects contribute to delicate contextual environments. For over 25 years, VIA has consistently delivered superior design and thought-value services. Our creative process brings forward appropriate, custom, creative solutions for each commission and we go the extra mile to ensure our designs support the needs of our clients. These contributions primarily revolve around Waterfront and Urban Redevelopment sites, Institutional scaled multi-family housing developments, and Higher Education / Municipal Public Facilities.

Consider joining our team and become part of a firm that continues to evolve and lead the changes in our industry. "WE BUILD GREAT STORIES".

VIA design architects is currently seeking a **Project Designer** who will be charged with providing technical development, sustainable strategies, and contributions to the design and production of architectural projects under the direct supervision of a project manager.

The right candidate will demonstrate a passion for architecture and design, and will possess the following:

- A degree in architecture or related field of study and 0-3 years of experience
- Strong design and technical skills
- The ability to communicate design intent effectively through sketching and digital production
- A demonstrated eye for excellent design
- Clear presentation and graphic capabilities
- Good written and verbal communication skills
- Fluency in current Revit and Adobe Creative Suite software

VIA design architects offers a competitive salary and package of traditional benefits as well as some non-traditional perks, such as core office hours and Take-Care-of-You time.

If you are interested in this position, please submit a cover letter and current resume to Blair Horth by email [bhorth@viadesignarchitects.com].
