

# JOIN OUR TEAM

VIA design architects is seeking an experienced and strategic **Building Information Modeling (BIM) Manager** to drive the firm's digital project standards. This is a highly hands-on role that requires a proactive and strategic approach to maintaining model integrity and team efficiency. As the BIM Manager, you will be responsible for building, maintaining, and managing BIM tools, specifically Revit templates, ensuring uniformity and quality across all VIA projects.

## Skills and Role Requirements

- Expert proficiency in Revit, including deep knowledge of file structures, templates, and automation
- 5+ years of experience managing BIM, ideally within an architectural firm
- Proven ability to triage issues, support staff, and train new users on BIM workflows
- Strong organizational and problem-solving skills for managing complex digital workflows and maintaining model integrity
- Preferably an Architect experienced in integrating design and technical processes

## Challenge and Responsibility

As the BIM Manager, your primary challenge is to ensure firm-wide technological excellence by acting as the driving force behind our BIM processes. This role demands a blend of strategic development and hands-on support. You will create models at the start of each project, oversee team use throughout the project lifecycle, and regularly audit models to ensure optimal performance. You'll be responsible for establishing and enforcing clear Revit standards and protocols (such as content and family use) to guarantee consistency across all VIA projects. As the firm's expert, you will be integral in advancing our team's use of BIM software by spearheading ongoing education and training for both yourself and the team. You will also collaborate with VIA's Design Technology Director to provide strategic input on the implementation of additional design tools to further enhance VIA's capabilities.

Interested individuals should submit a letter of interest, resume, and digital portfolio using the employment interest form at **[viadesignarchitects.com/careers](http://viadesignarchitects.com/careers)**
